Math Facts Teacher Edition takes a fresh approach to mathematics learning. It focuses on encouraging students to be active readers, and to approach mathematics in the same way. I am trying to put together a book for my students, using the same approach. But the images do not apply to that book. Klutz uses his brain and his skill to survive, with the assistance of the ladies and the village if needed. The deux-pouces game also contains a puzzle book. The book may be considered a children's book even though it contains humor as well. This game is well written, with a nice story and several interesting puzzles. Klutz acts like I wanted my characters to do. I do not understand what this meant. I would very much appreciate a serious response to this issue. Thanks. I did enjoy the game, and think that others may also. A nice addition to my library of games, but I could not get it to play, even as an On-line game. 82138339de
