Also new to FIFA 22 is “Ultimate Team,” the ability to create and control a custom team of real world 22 players by building a squad from more than 25,000 real-world global players and preparing a game plan in FIFA Ultimate Team Mode. The release of FIFA 22 on PlayStation4 Computer Entertainment System, Xbox One and Windows PC is timed to coincide with the FIFA World Cup™ 2018™ in Russia. It will be available on August 16. For the first time in FIFA history, the global community will be able to play the EMEA version of FIFA 22 in “next-gen” VR environments, first on Oculus and then on PlayStation VR. Gameplay FIFA 22 introduces: NEW “HYPERMOTION TECHNOLOGY” for FIFA Ultimate Team and all matches – In addition to new lighting, enhanced ball physics and better-detailed environments, better accuracy is achieved by integrating the players’ real-life movements on the pitch into the gameplay. “Ultimate Team” – A free-to-play mode, where players can assemble their own real-life teams and create their own club and players by choosing from more than 25,000 real-world global players. “FIFA World Stars” – A set of six new, playable local football legends. “Introducing 2.0” – Where games feature an updated gameplay engine, including movement, gameplay, and physics – FIFA Ultimate Team introduces “2.0,” a brand new gameplay engine, to deliver an intense and realistic experience on PlayStation4 and Xbox One. New gameplay features include: Dynamic Tackling – New defensive options, including a single dive, double dives, and aerial shot tackle. Kinect for FIFA – Enhanced depth perception allows for the 3D player models on Xbox One and PlayStation4 to be rendered in real-time for the first time. Improved Player Movement – Players move more fluidly and carry out realistic player actions including dynamic runs and jump heights. New Shots and Passes – Off the ball players can learn new movements, including sweeps, chip shots, fade shots, and under-the-ball shots. New Player Defending – Players are able to move into position to intercept and block shots and can now cut out and direct the attack with their positioning.

Features Key:

- FIFA 22 introduces two new modes: Career and Ultimate Team. Career Mode lets you take control of your career, either as a manager or a player. Ultimate Team lets you build your dream squad of real-life players to compete in multiplayer matches - allowing you to compete in game modes with complete freedom and style.
- Live the life of a football pro on and off the pitch in Career Mode. Customise your personal Pro Player Path, train and improve yourself to become the best footballer on the planet - then build and manage your own team.
- The game features a new audio engine that will bring authenticity and a deeper connection to FIFA. Dynamic Football Atmospheres, incredible pre-recorded crowd reaction featuring your own crowd from real matches, and data obtained from FIFA’s FootBall Situation Team enabled by Kinect. In Career Mode, voice-controlled coach comments to support you in and out of your stride as you decide and move your players on the pitch.
- Play as a defender or attacker. The Fullback Position returns. Also new, there’s a new Offside Indicator, the Referee AI will be improved throughout the game, and pitch objects have re-designed to enhance realism and improve gameplay.
- Player audio is a new addition to the FIFA universe, featuring authentic player and team voices for the first time. The new voices will feature distinct personalities for each of your favorite real footballers.
- New Body Types offer more overall physical accuracy and fluidity, allowing you to play the way you feel.
- FIFA ULTIMATE TEAM returns in FIFA 22. Build your ultimate footballing squad and play your way.
- FIFA 22 delivers new features such as head tracking, contextual voice commands (via Kinect), and gameplay improvement features such as Player Running animations, completely reworked gameplay logic for targeted fine-tuning, improved pass physics, smarter dummy moves, new goalkeeper moves, and much more.

What's new:

- The World Cup. FIFA World Cup 2018, between November 10 and December 17, is officially live on consoles and PC. You can also enjoy the World Cup qualifiers and play online. Play pro games and show off your skills during the month of September.**
- Faster action on the pitch. FIFA 22 brings instant reactions and improved player intelligence. After analyzing how the game gets played on the field, you’ll feel more connected to the action as you manage the style of play and make a play unfold before your eyes.**
- First-touch control. Created in partnership with ProZone, first-touch control makes it possible for players to use their foot like a joystick: execute precise shots on goal, use the ball like a skier on the slopes, and control the ball in the air like a goaltender.**
- Forward-thinking design. FIFA 22 lets players prepare and create new ideas before they come to life. Millions of details in the gameplay make each player shine more than ever, particularly on large FIFA Ultimate Team Teams. There are also customizable packs, and a large number of other innovations designed to take your gameplay to the next level.**
- The best-ever broadcast experience. With live game replays and RTE’s CDS, FIFA 22 promises the best broadcast experience for fans across the country. Catch every match live in our new, dedicated FIFA stream and watch the best commentators in Sean Fallon, Gerry Brown, and Cesáreo González on everything from Concacaf and Africa, to South America and Europe. You can also catch live streaming of FIFA One Season – the season that gave you back-to-back leagues and clubs.**
- Fantastic Authentic Stadia. In the completely rebuilt AI Design Studio, ProZone reveals a wealth of new stadiums, featuring an authentic playing surface and in-play crowds. New stadiums, such as Bournemouth’s Vitality Stadium, Argentina’s Estadio G.E.D. Dibulla, Serie A’s Etihad Stadium, MLS’ Orlando City Stadium, La Liga’s Santiago Bernabeu or Champions League’s PAS Ghent, are just a few of the many great new features to be found in the game. Firebreak Fixation. And then he went to the**

FIFA is one of the biggest sports franchises of all time. Since the 1980s, the FIFA series has defined football, making it more fun to play, more authentic, and more popular than ever before. FIFA is the flagship videogame franchise of Electronic Arts (EA), where every aspect of gameplay and sports entertainment is totally authentic. EA SPORTS FIFA delivers the most realistic experience to date, with gameplay innovations that make it easy for anyone to step onto the pitch and feel like a world-class athlete. The beautiful graphics are enhanced by the all-new Frostbite™ 3 game engine and the new Evolved Visual Layer™, which makes lighting, objects, water, grass, and player likenesses all look and feel more realistic than ever before. FIFA’s most detailed set of real-world leagues and competitions, all of which are licensed by the world’s football governing bodies, are now available for the first time on PS4™ and Xbox One, with 10 new regions, partnerships, and players, plus 27 new clubs, all of which are accessible from the outset. What are ‘Powered by FIFA’? EA SPORTS has gone back to the roots of what made the series so great, adding innovative gameplay advances, and exciting new features and modes to create new ways for players to experience and play the beautiful game. Enhanced gameplay gives players new and more responsive controls, improvements to the core passing and shooting mechanics, and a brand-new, higher-intensity refereeing system. New ways to play across the breadth of FIFA are also here, giving players a host of new options and meaningful decisions. With Packed to the Rafters, a unique feature that gives players the opportunity to dig deeper into the game’s intricate tactics and depth, career progression is now more flexible than ever before, and online player-to-player competition is delivered in a completely new, social way for the first time. The real feeling of competition with enhanced online features is now here for the first time in the series. And FIFA Ultimate Team has been completely reworked, delivering completely new, free-to-play modes of play. Now enhanced by the Frostbite engine, FIFA is fully optimized on next generation consoles, delivering unprecedented gameplay, graphics, and fluidity. The FIFA football experience gets even more detailed than ever before, featuring players even more accurately modelled to look like real players, with a more realistic representation of their physical capabilities. All of this adds up to a
