Omni is a new way to make music, sounds, and light shows in a sandbox creation game. Run around in a three-dimensional sandbox and make music by interacting with the physics of the game around you. Blast away away to create music using your body, and use physics to climb and swing like gymnastics. You can use Omni to make sounds and perform live shows. Omni has a freemium model, allowing you to create any amount of music or perform for free with limited options, but unlocking everything behind an in-app purchase. Musical Balls (Final 2022)

● Tap or touch the screen to make the musical "carpet" scroll up and down. ● Touch the right side of the screen to produce a "wave", as you can make any sound with your iPhone's speaker. ● Touch in the center of the screen to bring up a speedometer ● In the end, touch the left side of the screen to stop the carpet and win! Grab your headphones! ● If you are having sound issues, you can go to Settings > Sounds and set your Ringtone to the same as your Game "Musical Balls". Music in game is only looped as one song, but you can set and change songs in the game settings, and even upload your own music as a level. Have fun! Musical Balls is a music game that combines art, music and physics as players tap and make their way through a musical carpet and musical levels. ● Tap the screen to make the ball bounce to the left or right and tap again to make it bounce up and down, tapping and dragging will also make the ball bounce in and out of the gaps. ● Make the ball bounce off the barrier and youll quickly learn that there are only a few ways to do that without falling off. ● Earn stars as you progress, and unlock new levels. ● Unlock a variety of tracks, including Queen, the Beatles, Pink Floyd, Pink and the iconic Eddie Van Halen, and many more. * Can you make it to the end? What's new:

by Patrick Smith • January 22, 2008 Happy New Year, e-junkies! An eventful 2008 is in the offing, as Nicky Treaster, our KISW Music Editor, reports on the latest downloads and visits from highly entertaining local groups that, in the words of Dwight Yoakam and the Hawks, “got me again.” Want to know how Heather has been spending her 2010 so far? Kidding myself! Read on! Best Overall Find Country Songs This Week: The Black Crowes, Whiskeytown What They Are: Reissue of an album by the soulful, Southern-rock Bluegrass sensation The Black Crowes, with a track from new band’s 2008 release, “Live at Big Board Vegas.” What To Look For: If you love red-blooded guitar rock and honky-tonk music and prayers, a stock-up at your Power Station while they’re still offering free sandwiches. Country Albums “Dusk Till Dawn” Artist: Tim Rushlow Available for: Download, CD What It Is: Yours truly is constantly surprised to discover there’s more to one of my good friends than a Green Bay Packers tattoo on his neck and a thick mustache. Not only is Rushlow a sophisticated, multi-instrumentalist, he’s also a cult figure in the country-folk world, and this is his second full-length, just as good as his debut. “The Secret Thoughts of Bill Watterson: Volume One” Artist: Michelle Malone Available for: Download What It Is: For a fan of the great comic strip, Bill Watterson, and his one-pan pen-and-ink self, this 12-song set is perfect listening on a Sunday afternoon. It wasn’t all Bill Watterson. There were lots of charming and witty animated characters on that strip by Bill’s famous partner, Dave Sim. But this project, undertaken by Malone, pays great tribute to Bill’s writing — and is a great education into the meaning of the timely “Calvin and Hobbes.” “Kill the Buffalo” Artist: Rory Stone Childers Available for: Download What It Is: If this is your first exposure to the work of this country

Music Balls Features:

- **Works in all GSM versions of HTC phones.**
- **Experience a brand new style of music gameplay.**
- **This game was developed by the same developers that brought you Droid Jam. It uses the same 16x9 aspect ratio as do all other games in the “Xperia Game Jam Series.”**
- **This game has all the features that you see in our other XDA Games including:**
- **A CPU graph that shows what’s going on in the background.**
- **Multi-touch support.**

How to play a game with Musical Balls:

- **Like most touchscreen games, just tap the screen and you’ll be in “game mode.” If you tap-and-release at the same time, you’ll create a note.**
- **After you’ve tapped, you can tap and hold for another note, or slide to create a longer note.**
- **To clear a note, simply tap anywhere on the note, then tap where you want to release the note.**

Enjoy!
